

Divyansh Ahuja

OPERATIONS & SUPPLY CHAIN LEADER |
GLOBAL LOGISTICS PROGRAMS | NETWORK
OPTIMIZATION | PROCESS TRANSFORMATION

PROFESSIONAL SUMMARY

Operations and supply chain leader with 10+ years of experience managing large-scale logistics and transportation operations across global organizations including Amazon. Proven track record of leading linehaul network operations across Europe and North America, delivering €40M+ in measurable business impact through transportation optimization, automation, and operational process improvements. Experienced in operational governance, performance management, and cross-functional program leadership to improve service reliability, operational efficiency, and network scalability across complex logistics environments.

WORK EXPERIENCE

Amazon - Supply Chain Operations Manager

Hyderabad, Telangana

09/2021 - Current

- Managed linehaul operations performance and network execution across North America and European Middle Mile transportation network, ensuring reliable movement of freight between fulfillment centers, sort centers, and delivery stations.
- Led cross-functional operational programs delivering €40M+ in cost savings through transportation network optimization, automation initiatives, and operational efficiency improvements.
- Oversaw network performance management including route execution, carrier operations, and service reliability across high-volume logistics operations.
- Led multi-layered operations teams (20+ direct and 150+ extended members) responsible for network monitoring, escalation management, and transportation performance governance.
- Implemented automation solutions across operational reporting and planning workflows, reducing manual effort by 90% and improving real-time network visibility and decision-making speed.
- Facilitated structured operational reviews (WBR / MBR / QBR) with cross-functional stakeholders to monitor KPIs, identify operational bottlenecks, and drive corrective actions.
- Delivered data-driven insights using SQL, Excel, and analytics dashboards to support transportation planning, cost optimization, and operational strategy decisions.
- Standardized planning and scheduling processes across multiple teams, improving execution discipline and operational governance.
- Led continuous improvement initiatives to reduce disruptions, improve on-time performance, and enhance overall network efficiency.

EDUCATION

2017

RTM Nagpur University

Nagpur, India

Bachelor of Engineering: Mechanical Engineering

SKILLS

Supply Chain, Logistics & Transportation Operations

- Global Logistics Operations
- Linehaul Operations Management
- Supply Chain Management
- Transportation Network Optimization
- Program & Stakeholder Leadership
- Demand Forecasting & Capacity Planning
- Performance Governance (WBR / MBR / QBR)

Data & Automation

- Data Analytics & Reporting
- SQL, Advanced Excel, QuickSight
- Workflow Automation
- Data-Driven Decision Making

Operations Excellence

- Process Improvement
- Process Standardization
- Operational Efficiency & Excellence
- Root Cause Analysis (RCA)
- Escalation Handling

IEnergizer - Assistant Manager – Operations (Credit One Bank – US Credit Card Issuer)

Noida, Uttar Pradesh

09/2015 - 09/2021

- Managed end-to-end service delivery for customer support, fraud risk, and credit protection programs, ensuring SLA adherence and operational efficiency.
- Led high-risk fraud investigations and escalation workflows, ensuring compliance with internal policies and risk controls.
- Launched and scaled fraud and credit protection operations, achieving 99%+ quality and 95% CSAT.
- Implemented dashboards, reporting frameworks, and performance metrics to improve visibility and service reliability.
- Conducted root cause analysis and operational reviews, driving continuous improvement and process standardization.
- Partnered with cross-functional teams to resolve service issues and enhance customer outcomes.
- Led workforce planning, training, and performance management to improve productivity and team capability
- Designed onboarding and leadership development programs to strengthen frontline leadership capability and operational execution.

PROJECTS HANDLED

Automation & Process Optimization

- Designed automation solutions across reporting, case management, and operational workflows, reducing manual effort by up to 95% while improving turnaround time and operational accuracy.

Supply Chain Cost Optimization

- Led AI-driven optimization initiatives across the European Middle Mile transportation network, reducing operational disruptions and delivering €1.8M in ad hoc cost savings.

Operational Governance & KPI Management

- Developed dashboards and KPIs to track operational performance, backlog, service levels, and productivity, enabling proactive decision-making and improved operational control.

Workforce & Performance Management System

- Implemented a SharePoint-based employee performance tracking system that improved evaluation consistency and operational transparency across teams.

ACCOMPLISHMENTS

- **Manager of the Quarter, Amazon**
- Awarded Manager of the Quarter for Q1, 2025 in May 2025 during the Quarterly Townhall Meet for leading key operational process improvements and automation initiatives across logistics workflows. These initiatives enhanced operational efficiency, improved network visibility, and delivered measurable productivity gains and headcount optimization across the network.
- **Manager of the Quarter, Amazon**
- Awarded Manager of the Quarter for Q1, 2024 in May 2024 during Quarterly Townhall Meet for leading AI-driven cost and disruption reduction initiatives, saving ad hoc costs by €1.8M across the European Network, achieving measurable cost savings and operational efficiencies.
- **Global Supervisor of the Year, IEnergizer** - Recognized by Credit One Bank for leading High-Risk Fraud operations with exceptional execution excellence and customer trust during the pandemic year

AWARDS & RECOGNITIONS

- **Manager of the Month - Amazon** - Sep '25, Jun '25, Jan '25, Dec '24, Sep '24, Mar '24, Jan '23
- **Team Supervisor of the Month - Ienergizer** - Aug '19, May '18
- **Quality Champion of the Year - Ienergizer** - 2016
